EasyChair Instructions for Authors

You can submit an abstract for poster presentation or oral presentation. The submission and review of papers for InSyB 2021 will be managed through an online conference paper management system called EasyChair. This system gives you, the author, complete control over your submission.

The submission process consists of two stages:

- 1. Register and login to your account
- 2. Abstract submission

The Scientific Committee will review all abstracts and notify the results to authors.

While the procedure is quite simple and thus we do not anticipate users running into trouble, we are happy to help if you encounter problems. In the event that you do need help, please contact the technical chair at: **insyb2021@bezmialem.edu.tr**

Step 1 - Register and login to your account

First, you will need to set up an account (username and password) as an author (you can skip this step if you already have an account). Go to <u>https://www.easychair.org/account/signup</u>. You will then be automatically directed to the page shown in Figure 1. Tick in the checkbox and click on "**Continue**".
